

Luigi's  
Mansion™ 3

**Kids, ask a grown-up to help you apply the stencil and carve the pumpkin.**

**1** Cut out a lid on your pumpkin, then scoop out all the gross innards.

**4** Remove the stencil and tape, then use a carving saw to cut along the dotted lines you make with the push pin. Use carving tools to smooth out any rough spots.

**2** Trim the excess paper around the stencil. Leave a least  $\frac{1}{2}$ -inch border.

**5** Illuminate your lantern with a glow stick, jack-o'-lantern light, or candle (with adult permission, of course).

**3** Tape the stencil to your pumpkin, then use a pushpin to carefully poke holes along the guide lines. Space the holes about  $\frac{1}{8}$ -inch apart.
